

WHORE GAGGERS

There's just something about jabbing your cock down a girls throat until she pukes that feels fucking great.

We have here a whore with a capital "W". This girl didn't give a flying fuck what we did to her. Some serious hardcore deep throat action takes place here!

here's only one thing this girl was kraven and that was some supreme face fucking. Lucky for her she happened to come to the right place. See it all.

Little Lisa didn't quite know what she was stepping into at first, but received a nice reality check when we crammed all 9" inches of cock down her throat.

This is some all around great hardcore gag video action. This girl was only 5'2" and we tossed her around like she was a piece of trash. Check out the huge jizzload too!
