

# Introducing RheumatoidArthritisTalk.com

*New Online Forum Connecting those Inflicted with Rheumatoid Arthritis (RA)*

PHOENIX (Feb. 25, 2008) RheumatoidArthritisTalk.com is a new online source for those inflicted with the condition to make connections with others, ask questions, share concerns, give advice or just chat. The forum was created to connect those who suffer from RA with others with a community of people who understand and can relate to issues.

Rheumatoid arthritis (RA) is traditionally considered a chronic, inflammatory autoimmune disorder that causes the immune system to attack the joints. It is a disabling and painful inflammatory condition, which can lead to substantial loss of mobility due to pain and joint destruction.

The site is composed of several different areas allowing its visitors access to a wealth of information on coping and living with RA including dedicated sections on Procedures & Tests and Medications & Natural/Herbal Remedies.

For additional information on RA and this new forum, visit:
