

PREDICT SAT/ACT SCORES IN ONLY 20 MINUTES

KnowledgePoints™ Online QuickTest Gives an Accurate Prediction of SAT or ACT Scores

PORTLAND, OREGON - March 1, 2008 – Time is critical when it comes to SAT and ACT test preparation and the KnowledgePoints online QuickTest™ (www.KPQuickTest.com) is a web-based diagnostic assessment that provides immediate feedback and an accurate predictor of SAT®/ACT® areas of strengths & weakness. With the results from the QuickTest™, KnowledgePoints is able to tailor the program to each student's individual needs.

As anyone knows who has scored well on their college entrance exam, test preparation expands your choices when it comes to college selection. “Our program is a perfect blend of online, and face to face instruction that will help student's get their best score possible and confidently apply to the college of their choice” says Jodi Jacobs, Director of Education Systems, KnowledgePoints, Inc.

At KnowledgePoints we understand that SAT®/ACT® scores are a critical factor in the admissions process for college. More than 1.5 million students take the SAT® and ACT® each year with hopes of getting into the college of their choice. The KnowledgePoints SAT®/ACT® Test Prep program, designed by educators, is tailored for each student to help them reach their goals. Our program is built upon 19 years of proven results and school based experience. We utilize a comprehensive method that guides students through the test taking strategies needed to score big on the test, while also strengthening the academic skills necessary to be successful in college.

The KnowledgePoints SAT®/ACT® Test Prep Program Features:

QuickTest™ - A web-based diagnostic assessment that provides immediate feedback and an accurate predictor of SAT®/ACT® areas of strengths & weakness. Visit it now at www.KPQuickTest.com.

Skills Based - We help students develop skills to be successful in college, and help them get their best score possible!

Individualized Program - Our instructors tailor the program to each student's needs based upon our diagnostic assessment results. Students are taught their individual lessons at a 3 to 1 student to teacher ratios to focus on their individual needs. Competitors generally have a group size of 10 or more and have the entire group working on the same lessons and strategies.

Real tests - Provide a precise analysis of skill deficiencies.

WritePrep[®] - Student essays are accurately graded in seconds rather than days using our state of the art online techniques. Also included is a detailed analysis of specific weaknesses.

FinalPrep[®] - Designed to ensure that the key concepts and test taking strategies, covered by FinalPrep[®], are fresh in the students'™ short-term memory and can be retrieved for success on the SAT[®] or ACT[®].
