Struggling Real Estate Investor Finds CarbonCopyPro Marketing To Shed New Light and Opportunity to Becoming a Successful Entrepreneur

After two years of success as an entrepreneur investing in real estate rehabbing houses, Doug Marek found great struggle when the real estate market crashed some 18 months ago.

Knowing it was going to take time for the real estate market to turn around, he began researching other opportunities. As a dedicated entrepreneur who once had success, he was on a mission to find an opportunity to succeed again.

A few short months ago, Doug had found his answer. It was something he had never considered before, but after investigation he knew this was it! He found a business opportunity that had a proven system in place that had potential for anyone to succeed with.

Saint Johns, MI - March 08 - If you are a struggling Entrepreneur trying to find something that works or someone looking to start a home / internet based business, speak with Doug Marek before you invest time and money. Doug will not only show you the system presented to him, but he can assist you in using the same exact system he now uses and is having success with.

Over 95% of businesses fail every single year because they do not have a proven system to follow, allowing much room for human error. Carbon Copy Pro has eliminated as much of the human variable as possible by taking the new marketer out of the equation. With a turnkey marketing solution in place, the system has the top earners do the follow-ups so the new person doesn't even have a chance to mess up the process. This is great news for the new marketer and increases the success rate of the "newbie's" 10-fold, as already seen by 100+ new marketers with CPro who started their business within the last 30 days and have already made sales. "I had little experience as a marketer before I joined this business, now in just a couple months I am well on my way to be a master marketer, the training and support is phenomenal", Doug exclaimed.

"With this business opportunity you have the benefit of having a brilliant marketing system that will automatically sell brilliant product for you. Think of this as a mini franchise, or a complete business in a box."

Doug has a clear vision of assisting as many people as he possibly can to become

financially free within 2 - 3 years after joining his team. He has a goal of producing at least five millionaires by 2012 which will contribute to CCPro™s goal of 100 millionaires and WMI™s goal of 500 millionaires by 2012. He plans to become financially free by August of 2009 and reach millionaire status by August 2011. "This business model provides the exact formula to achieve these kinds of goals, the great thing is that everyone that joins this business can achieve these sizes of goals also, you see, this has a ripple effect of creating massive success and wealth in others."

His mission is to spread the word about this amazing first-class business opportunity to as many people possible and to give his support in this business in any way he can.

He finishes with this statement of passion and commitment, "I will follow my vision, I am fully committed to others success and my own!"

If you are looking for an opportunity destined for success and accumulate great wealth, I would first get in touch with Doug to get more details of this opportunity and his vision to create success and wealth in others, one person at a time. It has been said by many that this business model is "the perfect storm".
