

We have a WINNER! Submit a Name for This Coming Month, Free Medical Alert Bracelet!

We are offering a Free Medical Alert Bracelet Month by Month. Pay it Forward !

This could be you! Are you in Need of a Medical Alert Bracelet? We started this last January, after a customer purchased 3 medical Alert Bracelets. Then she requested that we only send two, save the one and donate it to a deserving individual who could not afford to purchase one. We decided to take the challenge and we not only challenged ourselves, but challenged our customer pool to help with donations and submissions to keep this going for the year. Well, this is the second bracelet we have been honored to give away.

Help us get the word out! There are no catches, no gimmicks, and no strings. We are just asking for names of folks that are in need of a Bracelet. Save A Life, Give a Medical Alert Bracelet!

Congratulations to Renee & her family! We will be sending them two bracelets. They have two children with severe allergies. We are getting one made that says "Allergic to Sesame Seeds" and as soon as it arrives we will be sending on the two bracelets. When children are as young as these two kids, one bracelet will make up two bracelets with the charms. May we say congratulations! Our custom company has donated the "Allergic to Sesame Seed's".

Thank you for all of your submissions. We have already started receiving more.

Please to those that have submitted names and entries, please resubmit the names. We are seeing every day the major need for this. Thank you to all. Tracy
