[large]Chili Poker Review[/large]

Chili Poker is a new online poker room that has a lot to offer. Players will receive the best first deposit bonus when they use our Chili Poker bonus codes. Chili Poker is not open to US players but they still boast over 50,000 players at the tables during peak hours. They are on the iPoker network which has excellent software and solid tournament action. The tables are very loose and they are always hosting some special promotion.
