

# AMATEUR DUMB FUCKS

*This site is perfect for guys who like uhhh, stupid girls! Amateur Dumb Fucks takes degradation to a whole new level!*

This one must have taken the short bus to school each day. We didn't care. She was willing to fuck for us and that's what counts. If she had even the slightest clue...she might not have even shown up. She did and we got her fucking out in the backyard. She didn't care if anyone saw or if she spent the night in jail. As long as she got stuffed.

Check out this stupid fucking Midget. She's so stupid, when talking to her producer on the phone. She asks him to come over to tell him something personal. When he shows up, she doesn't know the difference from the phone ringing and the knocking at the door. He tells her, she keeps fucking up and he then talks her into fucking him.

We love hitting the town on Thursday night. That's the night that most clubs and bars around here have Ladies Night. Cheap chicks out for free drinks and dick. All it took was a few top shelf cocktails and these two were up for anything. Including eating each other out. They barely managed to get this part down, but sure could fuck.

Not only is Janel a stupid whore, but she managed to bring along the dumbest stunt cock in the business. Working with these two has got to be as close to working in a Special Ed class as you can get. Once he managed to get his cock in the correct hole, they were able to get down to business. Thankfully...they fuck like pros.

These two didn't need to be asked to do anything. The camera was there and they were more than willing to get wild. If this hadn't been the case, we would have left them on the side of the road. Talking to these two was like talking to a brick wall. But who cares right? They're hot, and they're more than willing to get naked and party.
