

THULE DUMP TRAILER 3 WAY TIPPER

Blowout Special Sale of Dump Trailers at American Loan Masters Inc, Authorised Dealer of Thule Trailers

Better known as the "Three-Way Tipper", the N6x10D is an industry leader in design and function. With a large payload capacity and hydraulic dump-bed that tips in three directions, this trailer will save contractors time and money with every use. A simple concept that works, One could make this trailer bed tip in three different directions.

Solid, efficient and user friendly, the Thule three-way tipper also presents serial equipments in conformity with EC standards to offer maximum security to users.

Continuous weld, double effect compass lifting ram, sanding before painting—These other characteristics make the Thule three-way tipper an outstanding product.
