Name: Brianna Beach

Our man Max gave us a call from the coffee shop where he was sitting with a hottie from Florida checking out the west coast. He was sitting with Brianna telling her about what all we do and she seemed interested. He gave us a call and when we got there all we could see was her sweet perfect titties. She had done some modeling for bikinis and wanted to do something a bit more risquÃ© while she still had the smoking hot body. We all headed back to the studio where we took some pictures of her and then she decided to take it to the next level!

Name: Candy Mason

We always heard of how hard it was to pick up a hot waitress cause of all the guys that him on them all day. That didn't stop us from tryin on this hottie. We hit on her and flirted with her and she was flirting right back, probably hoping for a good tip! We then told her we have a site that she would be perfect for and she was curious. After we told her we would not only pay her, but fuck her brains loose she was clocking out and getting into our truck.

Name: Jaclyn Case

Before going out looking for some hot chicks with perfect tits we needed to stop for a small bite to eat. When we were pulling in looking for a parking spot, we saw a hottie walking to get something to get some movie tickets. Jaclyn had the day off and was out enjoying the day and didn't really have any plans. Derek asked her if she was a fan of porno and she really liked to watched the movies. He asked her if she ever thought of being in one and she always had a fantasy to do it. A thousand dollars later and she was sucking and fucking on film to be our newest hot chick with perfect tits!

Name: Carmella Bing

It was a sunny morning when I saw this gorgeous nymph parading her good stuffs. It was definitely an early cock rising experience for me and I did not waste time to get her name and snatch her back to my place. While we're talking, my eyes were glued to her hot big tits and I can't wait to give Carmela some gentle rubbing. Damn, her tits and pussy felt good, as I fucked them until she stopped asking for more.!
