Paying It Forward through Gifting is a Private Activity by invitation only to Give1Get4.

It is important to realize that cash gifting is not a business, participants are not a company, it has no owners, it is not a membership and is not associated with any services whatsoever. It is simply a name given to an activity of friends and friends of friends....nothing more, nothing less.

Give1Get4 is a centralized portal, non-membership, self-administered community of friends that share one common goal - the act of giving with no expectation of return. The participants are generous people who believe in sharing and serving others with a free spirit.

Nevertheless, the activities of Give1Get4 are that of a community of friends who serve and give to each other without regard to receiving in return.

Hundreds of thousands of people's lives have been affected through unselfish acts of giving. Give1Get4 is an extension of this concept. If you are at this site, it means that someone thought enough of you to personally invited to the Give1Get4 web site(s) and activity. This is not a public forum and is a private activity.

If you do not agree with the unselfish activity of giving we request that you simply disregard this notice.
