

# IBuzzPro Gets New Competition, Phone Broadcast Club Launches at \$400 Less than IBuzzPro

*IbuzzPro's Newest Competition Phone Broadcast Club Launches and is designed for the masses who want a full featured phone broadcast system and opportunity without the price tag of Ibuzzpro.*

Rhonda Wagner a 15 Year Marketing Veteran and Successful Internet Marketer who owns [www.ultimatenetwealth.com](http://www.ultimatenetwealth.com) has announced her decision to the Phone Broadcast Club, a true wholesale phone broadcasting system over IbuzzPro.

"I saw phone broadcast club as a tool for the masses who wanted to utilize the benefits of using phone broadcasting, but couldn't afford the high price tag of current programs such as Ibuzzpro, and phone power. The results have been phenomenal as this is truly a system that anyone can afford for just \$100.! Plus, the income opportunity is pretty amazing, making over \$2000. in just one week alone and that has been fairly consistent." Rhonda states.

Whether your looking to broadcast to a list of a few thousand to 10's of thousands, the Phone Broadcast Club has you covered. At 1.5 cents per a 30 second call, billed from start to finish in 6 second increments with NO minimum\* with only a \$25. admin fee and \$100 bucks to get started, it is true wholesale phone broadcasting at it's finest, and much less than Ibuzzpro so it appeals to many. Our all new Phone Prospector System is truly one of the most innovative systems on the market.

The Phone Broadcast Club comes complete with built-in lead packages. For home business opportunity seekers, it has over 15 million free genealogy leads pre-loaded into the system, free business opportunity seeker leads, business to business leads, and residential leads by state, gives you the ability to have callers connect directly with you, leave you a voicemail, and scrubs your list again the DNC, and has low cost built in lead packages that come out to about 1 cent a piece! The System is Cost Effective, Time Effective, and Affordable for the Masses.

Another amazing feature, that Ibuzzpro doesn't have, is a massive library collection that each user receives as an added bonus which includes some of the most sought after internet ebooks and software packages available...with resale rights and private label rights on most. This is a great library to utilize for any business or even generate an additional income selling them. You also have the ability to email your prospects.

"It's an amazing system that anyone can use to grow their current business or even promote as a business, earning \$100. per sale on each system sold, and you earn with your very first sale, this makes it very inviting to newcomers." Rhonda says

PhoneProspector from Phone Broadcast Club will instantly give you the best performance at the lowest price with the highest productivity which means more profit. And you deserve all 3. Get ready for an apples to apples comparison that is sure to impress even the most skeptic on all 3 fronts...Price, Performance, & Productivity. No matter if your a beginning business person on a small fixed budget or a multi-million minute user, PhoneProspector will deliver on it's promises. It is an advanced marketing system made by marketers for marketers to enjoy.

**Price** - Guaranteed to be the most efficient voice broadcasting system in its class. Minutes last longer, purchased minutes never expire, campaign costs are easily measured against the results in terms of profit. There are no third parties involved. It is the only connection you need between you and high volume sales. Don't be surprised when you experience explosive growth and command a great return.

**Performance** -The PhoneProspector voice broadcasting features are simply a never before seen environment. PhoneProspector is a 100% web based voice broadcasting system which runs on it's own fiber optic telephone infrastructure. PhoneProspector is routing, detecting, and directing calls on fiber then transferred directly into the largest network in the world, the PSTN. Public Switched Telephone Network. All calls are sent and received on copper, which means the highest call quality available today. Our proprietary answer detection is sure to out perform any other dialer and bring you immediately increased results.

**Productivity** - The voice greetings on PhoneProspector sound so incredibly real and unscripted, people believe you actually took the time to call them personally! Voice broadcasting can effectively build customer loyalty by offering your clients special sale information and discounts on products and services. It will make sales, recruiting, and high speed duplication a snap. It is designed with the latest and greatest ease of use which insures you and your team can focus on your business and not lose time & money trying to figure things out. Buy it today and use it today. You can set it up in minutes and win big-time!

In Summary the Phone Broadcast club is an affordable alternative to the Ibuzzpro System and many of the other present phone broadcasting systems on the market today, offering all the features and more than some of the more expensive systems but at an affordable price tag.
