

# Kyani - Join The AllStars Team - Mentor With Ann Cook

*Kyani is one of the fastest growing companies on the Internet, and the Kyani AllStars are the fastest growing team.*

The dual edged miracle of Kyani's 3 x 7 Matrix accomplishes two amazing things: first it enables people to work together to achieve success while providing a vehicle for virtually unlimited income potential. Second, through ingenious bonus plans and commission structures, you can make it happen three people at a time.

Matching Checks - By developing leaders in your organization, your income will grow exponentially. In addition to the commissions you earn for your group's volume, you may earn a Matching Check on every person you sponsor no matter where they are in your downline. This bonus pays you an amount equal to the commission check of the qualified leaders in your organization. This is nothing short of astonishing! As you help your distributors build their team, their commissions will increase and your matching check skyrockets.

Joining the number 1 fastest growing team in Kyani, Kyani AllStars is the best decision ever made, said Ann Cook. Being able to work with successful people side by side and not just hearing about them is the key to adding success to the team, said Ann Cook.
