

Proxycomm New MLM announces all new International Packages

Proxycomm - the Premier MLM Company for 2009 launches all new International Packages and the response has been phenomenal!" Do MORE With YOUR Phone with Proxycomm!

Rhonda Wagner, a successful fulltime online marketer and 17 year mlm industry veteran joined Proxycomm a New MLM company launched in January 2009. Realizing the potential in the Multi-Billion Dollar Cell Phone and Communications Industry she couldn't be more pleased with her decision as she sees this innovative company moving forward every day and growing by leaps and bounds.

“What really excited me about Proxycomm Opportunity is that the Income Potential offered is Staggering for such a low cost affordable service! Proxycomm costs \$24.99 a month, and pays a whopping 50% commissions on Every Single Team Member on your Weaker Leg, regardless of who enrolled them. That is more commissions on each person than I was earning in another company where the avg. distributor had to spend over \$120. a month to earn 10%!

With Proxycomm you earn (50%) \$12.50 on every single team member on your weakest leg for a low cost, affordable 24.99 per month feature packed service which is phenomenal! They can earn even more when people add additional options to their packages “says Rhonda

Proxycomm is a next generation communication company and allows people to do more with their phones. From having 2 numbers on one cell phone, to toll free numbers, to making and receiving international calls and a whole lot more. While targetted at the 150 Billion Dollar Cell Phone Market in just the US alone, the service can also be used on landlines as well and offers people amazing capabilities with their phone. With that, they just launched their all new International Packages and International Number Packages and the response has been totally amazing!

In just the United States alone over 85% of the population have cell phones with over 17% of the people relying on a cell phone only and those numbers continue to rise with todays economy. Plus it is an International opportunity and the interest is amazing.

Proxycomm gives you true freedom on your cell phone.

- One Cell Phone with Two Phone Numbers, Keep Personal and Business Separate
- One Number Rings Multiple Phones, Answer No Matter Where You Are
- Keep Your True Number Private, Great for the Dating Scene, Facebook, Etc..
- Record Conversations, Save Important Calls and access them later
- Switch your phones mid conversation. Cell Phone dying, don't want to use your minutes

just push a button and switch the call to another phone!

- Screen Your Callers, no more trying to remember phone numbers before you pick up, have people announce themselves first.

With Proxycomm you now have the ability to have 2 numbers on your one cell phone. You will be surprised all you can do with your phone simply by having a Proxycomm Number.

Keep your personal cell calls and business calls Keep separate, or using it to keep your true number anonymous whether accepting calls or placing calls which is a safe thing to do for the dating scene, facebook, etc...

You now have the ability to answer your call to your number from ANY phone, record your conversations, switch to another phone during a conversation, on your cell phone? save minutes by switching over to a landline when you can, you have the ability to make unlimited outbound calls to the US and Canada as Proxycomm doesn't limit your call time, keeping in mind though if using your cell phone, you still are using your cell minutes.

For Business it is an excellent way to get a phone number to give yourself local presence in another area, and so much more.

Driving in your car, in the grocery store, or someplace you can't get to a pen and paper, while talking on the phone and need to take notes? You can just hit a key and simply record the conversation and go over it later. Talking on your cell phone and your battery going dead or using up to many minutes? Simply transfer the call to your office or house phone or any other phone simply by pushing a button. Want a toll free number on your cell? You can do that with, plus with the Gold Plan you have UNLIMITED calling to the US and Canada and receive UNLIMITED calls through your Proxycomm Number.

â€œHave your proxy number ring your cell phone, house phone, or any other number (up to 4) simultaneously and answer whichever one youâ€™re near, never miss a call again and never have to have someone call multiple numbers to try to locate you! I could go on and on the

featuresâ€•, says Rhonda excitedly.

The features and more to come) are exciting and once you begin using them, you'll find yourself wondering how you ever did without it.

It's simple, affordable, and duplicatable, that equals retention and that in turn equals long term residual income that lasts.
