

# People Love This New Personal Powerline Pay Plan

*A fledgling Direct Sales Company has been in business for 15 months and provides 5 separate Pay Plans (5 Levels) paying out a full 100% on all sale*

With the world-wide economic situation diminishing by the day, it's refreshing to see a business opportunity come along actually designed with the average person in mind! As said to be so simple and affordable, anyone can join and anyone can succeed!

The - called "The Personal Powerline" - was designed by Mr. Ron Walsh, CEO and Founder of EZWealthSolutions.

As at March 2009, EZ Wealth Solution - a fledgling Direct Sales Company - had been in business for 15 months and offers 5 separate pay plans (5 Levels), paying out a full 100% on all sales with all commissions being sent directly from Member-to-Member!

Mr. Walsh even has a "Pay It Forward" System in place whereby a sponsor will pay people into "The Personal Powerline Pay Plan" Level # 1 (a \$47 value), which is said to be working extremely well. Over \$800,000 in commissions have been paid out already!

In this marketer's opinion, "The Personal Powerline Pay Plan" is a stroke of genius, and a must see for everyone wanting to earn money online!

There is no other like this on the Internet because it was personally designed by Mr. Walsh himself, and to quote Mr. Walsh; "It's going to change the way people earn money online, and the speed in which they do it!"

Already there are confirmed reports of people earning as much as \$5,000 to \$10,000 their very first month in the business, and many more earning \$500 to \$1000 their first month!

It's possible to get started for as little as \$10 (Admin Fee) which covers both programs, PersonalPowerline and EZWealthSolution. One low Admin Fee for 2 programs has made this program affordable to the masses.

It's my opinion that this is exactly the type of person and program we need in these tough economic times. So if you need to make an extra \$500 to \$1000 this month, I urge you to check out "The Personal Powerline Pay Plan"! see URL below.
