We hope you will find the commercial lease space in Southern Saskatchewan that you're looking for, right here in Limerick! It's a beautiful town full of friendly people. Limerick is a small village in southwest Saskatchewan, Canada. The population of Limerick is approximately 150. It is located about 150 km north of the US border and a few km from the towns of Assiniboia Lafleche and Gravelbourg. Moose Jaw is less than an hour's drive to the north, and Regina less than two hours. The village is named after the Irish city of Limerick.

Limerick Saskatchewan is located minutes west of Assiniboia Sask. Built on strong community values, Limerick residents take pride in their volunteer efforts, including the hockey rink arena facility built entirely from community donations and volunteer labour. Limerick. The people's community. With over 20 local businesses to serve the community. Limerick offers its residents and visitors the perfect place to raise a family. If you're a curler or a slo-pitch fan, you've probably experienced Limerick's charm first hand, and of course, you can buy a home with mature trees, for next to nothing.

Our community seeks to work with the cooperation of both the municipal government, and our village authorities, to turn our disastrous school closure of 2006, into a triumph of community action which will benefit each and every family in our district.

With determination and focus, we will turn our beautiful school facility into a cultural and economic force, which will attract new people and businesses, bringing a positive energy to our community, that will lift us up to new optimism.

We too in Limerick, can join the dozens of other southern Saskatchewan towns and villages, that have been experiencing economic upturns and unprecedented growth over the past two years.

We welcome all those who would like to work with us, to promote our unique commercial lease space. Please do not hesitate to join us in accomplishing our vision. We look forward to meeting you and hearing your ideas. Together, we can maintaining the Centre, and turn it to good use.
