*Are you struggling with the terrible back and neck muscle spasm? So many people are suffering with no sign of relief. Contact us at Flexeril.biz.*

Are you struggling with the terrible back and neck muscle spasm? So many people are suffering with no sign of relief. Contact us at Flexeril.biz and find out how you can finally get some relief using Flexeril. Flexeril has been a trusted prescription muscle relaxant medication for years.

Things you should know about Flexeril:

## Drug Uses

Flexeril is a muscle relaxant, used to treat the pain and stiffness of muscle injuries, including strains, sprains and muscle spasms. The active ingredient in Flexeril is cyclobenzaprine.

## How Taken

Flexeril comes in 10 mg tablets, and the normal dose in adults is one 10 mg tablet three times daily. You should not exceed a total dosage of 60 mg of Flexeril per day. It might be taken with food if stomach upset occurs. Take Flexeril as directed. Do not increase your dose or take it more often than prescribed.

Store at 25°C (77°F); excursions permitted to 15-30°C (59-86°F) and out of reach of children.
