

Markham Cleaning Company President Appointed to International Board of Directors

Amanda Collucci, Founder and CEO of Markham based Clean4Me Inc., has been appointed to the Board of Directors for the Association of Residential Cleaning Services International (ARCSI).

Amanda Collucci, Founder and CEO of Markham based Clean4Me Inc., has been appointed to the Board of Directors for the Association of Residential Cleaning Services International (ARCSI).

The Association of Residential Cleaning Services International (ARCSI) is the ONLY non-profit member owned organization dedicated to advancing the home cleaning industry.

Professional house cleaning is one of the fastest growing service businesses, not just in the US, but around the world. ARCSI provides a community for those involved in the industry that are serious about being professional, and serious about succeeding to come together, share, learn, and grow!

Headquartered in Markham, Ontario, Amanda Collucci founded Clean4Me Inc merely 3 years ago has been experiencing excellent business results. From zero grown to billing over \$36,000 per month within 36 months. Clean4Me's success was featured on CBC Fortune Hunters show in February, 2009. Amanda Collucci also received a National Business Excellent Award by the Association of Chinese Canadian Entrepreneur and featured in OMNI TV and Rogers TV for her success story.

Coming together as an industry to educate ourselves and the consumers creates a win-win for all involved. Cleaning companies share best practices to support each others success while clients benefit from doing business with a more professional house cleaning industry.

The need for a bonded and insured cleaning company whose employees are professionally trained and criminal background checked for your security is absolutely critical. After all, you are letting a stranger into your home.

• How can you trust when there is no verification of a criminal background check? How can you protect yourself from a law suit if your cleaner falls down the stairs or slips on your icy door step? •

• One of my goals as a director at ARCSI is to increase public awareness about the importance of professionalism and trust in the residential cleaning industry. Hiring a professional cleaning company is an important decision similar to hiring a certified plumber or electrician.

Members of ARCSI come together to network and share ideas to learn how to improve and grow their own company as well as, improve over all conditions in the entire industry as a whole.
